Trump is marching his people down Pennsylvania Ave while the Rhinos and Dems steal our election inside. Patriots are already being maced. We have Win users on the ground. Please post live streams you find here.

violence. The police in the rear began basically charging patriots and pushing them back, followed by tear gas, flash bangs, mace and pepper balls. Once this happened, many people just took off and ran, several dozen, and the rest were left trying to hold the line, outnumbered. People were more interested in taking selfies than backing up anyone on the line. That's when police started assaulting people. The police that were behind the police with riot shields were striking people with batons. I saw people getting hit with tear gas canisters to the head. The patriots that tried holding the line were doing all they could with the numbers we had. Hadn't the other Trump supporters bailed, we vastly outnumbered the police. Many just absolutely cucked and ran.

I personally listened to Kevin McCarthy (R-CA), House Minority Leader publicly condemn all efforts to protest at the Capitol today. The facts are really simple. We elected the wrong people to represent us in this government, and now we must accept our defeat, because the only people with the popularity to assemble an army are all on their side.

This is exactly my concern. Our cause can only succeed by force from an organized army. That kind of organization only occurs when there is a call to action from someone respected and popular enough to

actually command masses. The problem is, no one that is capable of assembling an army is willing to actually do so.

 I spot-checked MSM, it's exactly what one would expect: they are calling the Patriots "violent rioters" etc, after flailing for any excuse to call the Antifa/BLM shock-troops that have been rioting/looting for 5+ years "peaceful protestors."

MSM Fake "News" has reached Peak Disgusting today. (But stick around, they will top themselves.)

My brother, I do not wish to argue. Today has done nothing to alter the course of history as planned by the globalists. Today is merely 0.01% of what is necessary to reclaim the Republic. We must organize during this definitive moment in history and reclaim the birthright so generously bequeathed to us by our forebears.

MSM views:

When BLM sets fires, breaks windows, assaults and kill people, steal stuff from unaffiliated businesses, attack law enforcement and innocent civilians : Peaceful Protest for their lives.

When MAGA knocks a few barriers down to verbally confront crooked and sleezy politicians to politically protest fraud but obey law enforcement when asked to: EVIL DISORDERLY VIOLENT DEADLY LAWLESS UNPATRIOTIC UNPOLITICAL INSURRECTION.
